The DCC-85 Approval for Child Care Assistance form was revised and issued to field staff on 12/21/18.

The old version of the DCC-85 is no longer in use, and SSWs should solely utilize the new DCC-85 when requesting child care assistance for families.

The DCC-85 was revised in order to streamline the process and make it more efficient for both workers and the Field Critical Response Branch that is processing the requests.
