SUBJECT: Updated CPS Referral and FAQ for Concrete Goods and Services

The purpose of this memorandum is to advise staff of updated information regarding funding for goods and services through the Community Action Council (CAC). The Department for Community Based Services (DCBS) has modified an existing contract with the CAC to assist families who need concrete goods and services to reduce barriers to successful parenting. The CAC is responsible for the disbursement of funds based on the completion of the updated [Referral Concrete Goods and Services](#) form.

This funding is intended for families who have an active case, including investigations and ongoing cases.

The goods and services eligible for this funding include the following:

- Housing assistance such as security deposits, rental payments, utility deposits, utility bills, insurance, phone bills, and emergency housing funding.
- Environmental needs such as pest control/exterminators, transportation, and weatherization.
- Medical and mental health needs, including medication costs, transportation to appointments, etc.
- Housing supplies, including necessary household goods such as beds, bedding, stoves, refrigerators, cleaning supplies, etc.

Please refer to the updated [FAQ Goods and Services](#) for additional information and clarifications regarding how to make a referral, eligibility, and expectations.
