Contract Correspondence Transmittal (CCT)

CCT Number: 22-07	Date of Issue: July
Issuance: Division of Protection and Permanency, Department for Community Based Services, Assistant Director Kelli Root <i>KR</i>	
Key Words/Phrases: Human trafficking training	
Attachments/Forms:	

The intent of this correspondence is to provide guidance on new, required training for PCC's and PCP's.

Human Trafficking 101: An Overview is a mandatory training for all PCC employees and all PCP employees. The training will ensure that employees understand the federal law relating to human trafficking, understand the types of human trafficking, know the risk and protective factors for human trafficking and to be able to locate and access resources for survivors and youth at risk of human trafficking.

Access to this training can be found at <https://learn.trc.eku.edu/moodle/course/view.php?id=738>

This training should be completed by all exiting staff by September 30, 2022 and within 90 days of hire for new staff.

This training is highly recommended for foster parents of survivors and at-risk youth. Foster parents should access this training at <http://centervideo.forest.usf.edu/jit/ky/humtrafficking101/start.html>

Screening and Identification of Human Trafficking is a mandatory training for all clinical and direct care PCC and PCP staff. This training will assist staff to focus on the elements of control, increase knowledge of vulnerabilities and red flags specific to human trafficking, become familiar with screening tools and techniques for human trafficking identification, and expand understanding of integrating screening into intake and assessment processes and response to screening outcomes.

This training can be accessed at <https://learn.trc.eku.edu/moodle/course/view.php?id=729>

This training should be completed by all existing clinical and direct care PCC and PCP staff by September 30, 2022 and will be repeated biannually. New employees should complete the training within 90 days of hire.

DCBS staff are required to take the same trainings to ensure consistency in practice across the continuum.

If you have further questions, please contact Danielle Khoury at Danielle.Khoury@ky.gov

Please forward this communication to relevant agency staff.
